TWOPENNY POST-OFFICE.

REGULATIONS.

THERE are Two principal Offices; one in the Post-Office Yard, Lombard-Street, and the other in Gerrard-Street, Soho; and there are numerous Receiving Houses for Letters both in Town and Country.

There are Six Deliveries in Town Daily (Sundays excepted) and Three in most Parts of the Country; and the General-Post Letters are dispatched to the Country Letter-Carriers for Distribution the same Morning of their Arrival in London.

From most Parts of the Country Letters are dispatched to Town Twice a Day.

The Time by which they must be put in for each Delivery, and the Time by which each Delivery should be completed by the Letter-Carriers, both in Town and Country, is as follows:

But they may be put in for each Delivery Three Quarters of an Hour later at either of the Two Principal Offices, and an Hour later at that they are to be delivered from, which may be known thus: Gray's Inn Lane, High Holborn, Chancery Lane, and all its Avenues, the Strand, Narrow Walk, Lambeth Marsh, the Asylum, and all Parts to the Westward, are in the District of the Gerrard Street Office, and the Remainder in that of the Lombard Street Office.

* Letters put in, as above, on Saturday Evening, are delivered in the Country between the Hours of Seven and Ten on Sunday Morning.

| If for Parts having less than Three Deliveries and put in to go by the Afternoon Dispatch, or for Parts having but One Delivery, and put in any Time before that Dispatch | Should be Delivered next Day between |

STAMPS, &c.

The dated Stamp, or, if there are Two, that having the latest Hour, shows also the Time of the Day by which Letters are dispatched for Delivery. Persons, therefore, having occasion to complain of Delay in the Delivery of their Letters, are requested to favor the Comptroller or Deputy Comptroller with the Covers of them, as the dated Stamp will assist materially in discovering where the Neglect lies. It is further respectfully and earnestly requested of Persons receiving Letters, that they will not detain the Letter-Carriers at their Doors longer than can be possibly avoided, as all, in general, are alike anxious to receive their Letters, and every one is entitled to the same Consideration in a regular and speedy Delivery.

Places marked thus * in the following List, as also other Out-parts not inserted, are attached to the Town Letter-Carriers' Walks, but are too distant from the Principal Offices to be served Six Times a Day. Letters therefore for the last Delivery of the Day in such Situations, must be put in at the Town Receiving House by 2 o'Clock, at either of the Principal Offices by 3 past 2, or at that they are ultimately dispatched from by 3. The Distribution also at such Places is something later, and the Dispatch from their Receiving Houses is earlier than in the interior Parts, for the Same Reason.

* The Word Country throughout these Regulations, means Parts within the Limits of the Two-penny Post only, and not beyond those Limits.

OF THE 
TWO-PENNY POST.

Shewing also, by the Letters L and G, meaning Lombard-street and Gerrard-street, from which of the Two Principal Offices the Letters are ultimately dispatched, the Number of Deliveries a Day given to each Place, and the Time affixed for the Departure of the Post from such as have Receiving Houses.

N. B. Those having no Time specified have no Receiving Houses.

POSTAGE, &c.

The Postage of every Letter or Packet passing to and from Places within the Cities of London or Westminster, the Borough of Southwark, and not beyond the Limits of the Delivery of the General Post Letter Carriers — — — — — — — — — — — — £1 5s.

For every Letter or Packet put into the said Post, to be forwarded to the General Post-Office, and from thence to be conveyed by the General Post, on first passing by the General Post, and then passing by the Two-penny Post, over and above the General Postage.

For every Letter or Packet passing to or from any Part or Place within the District of the Two-penny Post, and not within the Delivery of the General Post Letter Carriers — — — — — — — — — — — — — — — — £2.

For every printed Newspaper sent to any Place within the District of the Two-penny Post, beyond the Delivery of the General Post Letter Carriers, provided there shall not be inclosed therein any Paper or other Thing, nor contain any Writing other than the Superscription of the Name and Place of Abode of the Person to whom the same shall be sent — — — — — — — — — — — — — — — — £1.

The Public have the Option of Paying, or not, upon the putting in of any Letters for Parts within His Majesty’s Dominions; but with all Letters for Parts out of His Majesty’s Dominions, the full Postage must be paid at putting in, without which they cannot be forwarded.

To prevent Mistakes, Persons paying the Postage of Letters on putting in, are advised to see them stamped “Paid” before they leave the Office.

No Letters or Packets exceeding the Weight of Four Ounces can be sent by this Post, excepting such as have first passed by, or shall be intended to pass by, the General or Foreign Mails.

Letters containing Property, &c.

This Office is not liable for the loss of Property contained in Letters. It is, however, for the more perfect Security of such Property, particularly recommended to Persons taking Letters to any Office or Receiving House, containing Articles of Value, Notes or Drafts for Money excepted, that they inform
form the Clerk or Office-Keeper of such Articles of Value being inclosed. It is also recommended to cut in half Bank or other Notes or Drafts payable to Better, and that the Receipt of the first Half be acknowledged before the other is sent. It may at the same Time be proper to state, that, for the greater Security of Letters in general, the Office-Keepers are strictly forbid delivering back, to any Persons whatever, any Letters that may be applied for after being put into their Offices, under whatever Circumstances the Recovery may be urged.

Letters to be put into the Two-penny Post.

Letters for Parts within the Limits of this Office, by Mistake, put into the General Post, by which Means they are unavoidably delayed; it is therefore recommended, that they be put into the Two-penny Post-Offices, or Receiving Houses, in order that they may be regularly forwarded by their proper Conveyance.

Penalty for illegally conveying and delivering Letters.

The Forfeitures and Penalties incurred by the 9th of Queen Anne (one Half of which go to the Informer) for collecting, receiving, carrying, re-carrying, and delivering Letters, whether for Hire or not, contrary to the said Act, are Five Pounds for every Letter or Packet so collected, &c. and One Hundred Pounds for every Week such Practices are continued, with full Costs of Suit.

April 6th, 1801.

By Command of His Majesty's Postmaster General,

EDWARD JOHNSON, Comptroller.
**The Lord Mayor, Aldermen, Sheriffs, &c.**

The Directors having agreed to effect Insurances in and about such Parts of London as partake of the Nature of Country Risks, i.e. the Western Parts of the Metropolis, and the new Buildings generally, submit the following leading Features of the Association to an attentive Perusal, and solicit the Preference only which they may justly claim.

All Persons who continue insured with this Association Seven Years, whether their Policy be originally taken out for Seven Years, or be renewed annually, will be rendered Proprietors, and participate with the original Subscribers in the PROFITS of the Establishment: while thus entitled to eventual Profits, they have the peculiar and valuable Assurance of being secured from the possibility of Loss, as the sole Responsibility is undertaken by an extensive Association of Noblemen and Gentlemen, who have subscribed a Capital of 300,000l. to guarantee the Engagements of the Office.

Attendance is daily given from 9 to 4 o'Clock at the Office in Southampton Street, Strand, London, which is also the Office of the Provident Institution.

Provision Institution, for the Insurance of Lives, the Grant and Purchase of Annuities, and the Endowment of Children.

TRUSTEES.
Marquis of Buckingham, K. G. | Lord Braybrooke | W. Praed, Esq. M. P.

The Object of this Institution is to encourage the truly laudable Design of Life Insurance and Provision for old Age, by reducing those Transactions to Principles of the utmost possible public Benefit: with this View an extensive Society of Noblemen and Gentlemen have entered into a Subscription of 150,000l. to constitute an original Capital, and, taking upon themselves the sole Responsibility of the Establishment, they entitle the Insured and Annuitants to participate in Profits, after the Expenses of an economical Management are defrayed, in which the Presidents, Directors, Trustees, and Auditors, act gratuitously. Thus by the specific Sums insured, and the Division of contingent Profits, every Member of this Institution has the fullest Value possible for his Payments, without being subject to Calls, or any Risk whatever—an important and unprecedented Advantage peculiar to this Institution.

Military Men insured at this Office are not charged with any additional Premium unless called into actual Service.

No admission Fees are required, nor is any Charge made for Policies.

Insurance and Annuities may be effected every Day, within Office Hours, which are from 10 till 4.
